EHR IN PRACTICE

MODMED EMA®

EXTENDED PROFILE

ModMed

OVERVIEW

ModMed EMA, also known as Modernizing Medicine EMA, is an AI-powered, specialty-specific EHR platform with nine key features designed to support organizations of all sizes, whether small, medium, or enterprise.

EMA offers a range of intelligent, integrated tools, including Lab Integration, Appointment Management, Patient Portal, Scheduling, and robust Reporting and Analytics to help streamline workflows, enhance efficiency, and support more personalized patient care.

MODMED SCRIBE 2.0 AND GSCRIBE

ModMed Scribe and gScribe are AI-powered ambient listening tools designed to automate clinical documentation by capturing patient-provider conversations.

- ModMed Scribe is integrated with the EMA EHR, trained on a broad dataset of 750 million patient encounters to support various medical specialties. It focuses on automating downstream tasks like prescriptions and lab orders to enhance overall clinical efficiency.
- gScribe is specifically tailored for gastroenterology, trained on GI-specific terminology and workflows. Integrated into gGastro EHR, the AI's primary goal is to provide highly accurate transcriptions, reducing the need for expensive third-party dictation services.

FEATURE OVERVIEW

- ✔ Patient Portal
- ✔ Scheduling
- ✔ Appointment Management
- ✔ Clinical Workflow
- ✔ Lab Integration
- ✔ Patient History
- ✔ Reporting and Analytics
- ✔ Voice Recognition
- ✔ e-Prescription
