EHR IN PRACTICE

MICROMD EMR

EXTENDED PROFILE

MicroMD

OVERVIEW

MicroMD EMR is a scalable, flexible solution designed to help practices and health centers eliminate paper, improve workflow, and enhance patient care. It provides immediate, shared access to patient data, minimizes paperwork, and supports regulatory compliance. Suitable for practices of various sizes, it offers core features such as lab integration, medical templates, EM coding, and voice recognition, all designed to increase efficiency and productivity.

CORE FEATURES

The system includes tools for detailed ICD-10 code searches, secure ePrescribing, and medication safety. It also provides real-time data from medical devices, image management, and customizable clinical documentation.

MicroMD EMR's security features and specialty content streamline clinical workflows, enhance patient care, and support healthcare growth and interoperability.

ACQUISITION BY PRACTICESUITE

In 2025, PracticeSuite announced that they had acquired MicroMD from Henry Schein Inc.

MicroMD continues to serve its clients independently while benefiting from PracticeSuite’s technology, resulting in a fully integrated practice management solution.
