

PRACTICE EHR

EXTENDED PROFILE

PracticeEHR
Simplifying Healthcare

OVERVIEW

Practice EHR is an integrated electronic health record (EHR) and practice management (PM) system. The software is customizable for almost thirty medical specialties including chiropractors, podiatrists, pain management, family medicine, urgent care, and psychiatrists. The core features of Practice EHR include electronic medical records, medical billing, patient scheduling, and RCM services. These applications are available as part of one integrated suite. Users also have access to e-prescribing, lab integration, procedure workflows, narrative reports, tablet PC support, a patient portal, and ONC-ATCB certification. Eligibility inquiry, claim scrubbing, and workers' compensation claims are designed for practices that choose to utilize the medical billing application. Practice EHR is an entirely cloud-based solution. It is accessible via mobile devices and remote desktops.

SOFTWARE SCREENSHOTS

The screenshot displays the PracticeEHR software interface. At the top, there is a navigation bar with the PracticeEHR logo and a 'globalpayments' banner that reads 'ACCEPT PAYMENTS SEAMLESSLY IN PRACTICE EHR'. The user's email 'NEWTHEME@DEMO...' and location 'PODIATRY' are visible in the top right. Below the navigation bar, the 'Start Process' window is open for patient 'CHARLES, ANGEL'. The patient's profile picture is shown on the left. The form contains the following fields:

- Patient Name: CHARLES, ANGEL
- Patient Balance: 0
- Plan: -SELECT-
- Provider: -SELECT-
- Referring Provider: (empty)
- Past Visit: -SELECT-
- DOS: 01/04/2018
