EHR IN PRACTICE

MYINSIGHT

EXTENDED PROFILE

Netsmart

OVERVIEW

myInsight, developed by Netsmart, is a cloud-based electronic health record (EHR) solution tailored specifically for public health agencies and community health centers. It is designed to support multi-specialty community health services, making it suitable for small to medium-sized public health departments, nonprofit organizations, and governmental agencies serving populations of up to 50,000 individuals.

CLINICAL AND CASE MANAGEMENT

myInsight offers clinically focused workflows that adhere to recommendations from public health organizations such as the Centers for Disease Control and Prevention (CDC) and the National Association of County and City Health Officials (NACCHO). It enables confidential management of client information at the agency, program, and encounter levels.
