

# THERA OFFICE EXTENDED PROFILE

## **OVERVIEW**

TheraOffice is an electronic medical records and practice management solution for physical therapy and rehabilitation practices.

Developed by a physical therapist, it integrates scheduling, documentation, billing, and reporting functionalities into a single platform, aiming to enhance practice efficiency and patient care.

## **MIPS COMPLIANT EMR**

TheraOffice acts as a Qualified Registry for physical therapy clinics participating in Medicare's annual MIPS program, submitting data to ensure compliance. Netsmart's EMR software keeps your clinic MIPS compliant.

## **DATA SECURITY**

With automatic backups, redundant data storage, real-time traffic re-routing during outages, and password misuse monitoring, TheraOffice ensures your practice data stays safe with multi-level daily risk assessments.
